ABOUT ME

I am a beginner web developer with experience in HTML, CSS, JavaScript, and Vue.js. Passionate about creating interactive and responsive web applications, I am always eager to improve my skills and stay updated with the latest technologies. As an active user of GitHub, I contribute to several open-source projects, demonstrating my commitment to collaborative development and continuous learning.

WORK EXPERIENCE

DEVELOPER

06.2023 -07.2023

PROJECT "FITNESS NATALI"

Developed a responsive website for a fitness trainer, incorporating features such as online class schedules, booking systems, and client testimonials. Focused on creating an intuitive layout and seamless user experience, ensuring the site was fully optimized for both desktop and mobile devices.

DEVELOPER

07.2023 -08.2023

PROJECT "IT USPIH"

Created a comprehensive web application for an IT academy, including functionalities for course listings, student registration, and online learning modules. Implemented features to facilitate easy navigation and user interaction, enhancing the overall educational experience for students.

DEVELOPER

08.2023 -09.2023

PROJECT "POHILKODARINA"

Created a comprehensive web application for an IT academy, including functionalities for course listings, student registration, and online learning modules. Implemented features to facilitate easy navigation and user interaction, enhancing the overall educational experience for students.

DEVELOPER

06.2024 -present

PROJECT "KAVAVETERANA"

Developed a Progressive Web App (PWA) for an online store, featuring a user-friendly interface and dynamic product listings. Implemented functionalities for displaying discounted products, user reviews, and a secure checkout process. Focused on creating an engaging and responsive layout that ensures optimal performance on both desktop and mobile devices.
